Collaboration of DCS with PARIS21

Department of Census and Statistics has gone forward on data dissemination collaboration with PARIS21. Two experts of PARIS21, Mr. Jon Hall, Programme officer, Asia, the Pacific and the Arab region and Mr. Tomas Africa, Statistician, Regional Consultant for Asia and the Pacific have consulted the DCS officers by conducting a workshop in the Information Unit on the 2nd week of December 2010. The experts have made some suggestions for the DCS website and poster on news in brief, and introduced one pager document for main statistical areas. In addition, they have contributed to prepare a brochure on “Why Sri Lanka needs statistics”.
