PREFACE

The Census of Public and Semi Government Sector Employment conducted in 2002 is the Sixth in the series of such censuses by the Department of Census and Statistics since 1980. Previous five censuses were conducted in 1980, 1985, 1990, 1994 and 1998 respectively. Three censuses administered before 1980 were limited only to Public Sector Employment and were conducted by the Ministry of Public Administration in the years 1968, 1972 and 1976.

The information provided by the employees in the institutions under the Central Government, Provincial Councils and Semi Government Sector have been summarized in this publication. The information collected at this census were canvassed through a Questionnaire completed personally by the employee as at 1st July 2002.

The Co-operation extended by the Secretaries to the Ministries, Chief Secretaries of the Provincial Councils, Heads of the Departments and other Institutions both under the Central Government and Provincial Councils and Co-ordinating Officers who were appointed to liaise with the Department of Census and Statistics in connection with the activities of the census are highly appreciated.

A.G.W. Nanayakkara.

Census of Public and Semi Government Sector Employment - 2002

Background

Department of Census & Statistics Conducts the Census of Public and Semi Government Sector Employment once in four years since 1980. This is the 6th in the series which was conducted on 1st July 2002. The previous Censuses were conducted in 1980, 1985, 1990, 1994 and 1998 respectively. As in the previous Census, present Census highlights the details of employees working under State Sector, Provincial Public Sector and Semi-Government Sector separately. Prior to 1980 Ministry of Public Administration had conducted three similar nature of Censuses in 1968, 1972 and 1976 respectively. Unlike the current series these three Censuses had confined to the Public Sector Employment only.

The information for the Census was collected using a postal enquiry where information was received through a questionnaire filled personally by each employee.

Particulars of Public Sector employees who are working under State and Provincial Public Sectors were collected separately. Information on employees working under Corporations, Statuary Boards, Authorities, State Banks, and Public Private Companies were collected under Semi – Government Sector.

Prior to conducting the Census, the Census frame was prepared in January 2002 by using the payroll of the respective institutions.

The Census frame consisted of 286 Departments and Institutions under State Sector, 268 Institutions under Semi – Government Sector and 277 Institutions under Provincial Public Sector. There were 36 Cabinet Ministries and 21 Non Cabinet Ministries.

At the outset a Co-ordinating officer was appointed to each of the Ministries under the Central Government as well as under the Provincial Councils to monitor the Census work and to liase with the Department of Census & Statistics. The responsibility of the Co-ordinating officer was to distribute the schedules among all the employees, recall the duly completed schedules and return them to the Department of Census & Statistics on time.

At this Census every attempt was made to collect information regarding personal and occupational attributes of the employees such as, personal emoluments, occupation, language abilities, educational qualifications, professional qualifications, salary particulars, details of loans, leave taken, type of residence, distance to place of work from current residence and mode of travel etc., without disturbing details included in the data at the previous Censuses too.

Coverage

Employees covered in this Census were categorized under the following sectors.

- State Sector
- Provincial Public Sector
- Semi- Government Sector

(1) The **State Sector** comprises of all the Ministries Departments and other institutions which comes under the purview of the Central Government.

(2) The **Provincial Public Sector** comprises of all the Ministries and Institutions functioning under the Provincial Councils.

(3) The **Semi-Government Sector** comprises of the Corporations, Statuary Boards, Authorities, and State Banks under the Central Government and Public Private Companies. (Public private company is a Company in which certain percentage of shares is owned by the Government)

Total	**909,564**	**835,650**	**91.9**
State	328,108	295,734	90.1
Prov.Pub	308,240	292,071	94.8
Semi-Govt	237,216	247,845	90.7

The following categories of employees were included in the Census.

- Permanent
- Temporary/ Casual
- Employees who work on contract basis

Fig 1 : Distribution of Employees by Sector 2002.

Following categories of employees were not included in the Census.

- Personnel attached to armed forces (Army , Navy and Air Force) except the civilian staff
- Field labourers in the state owned estates.

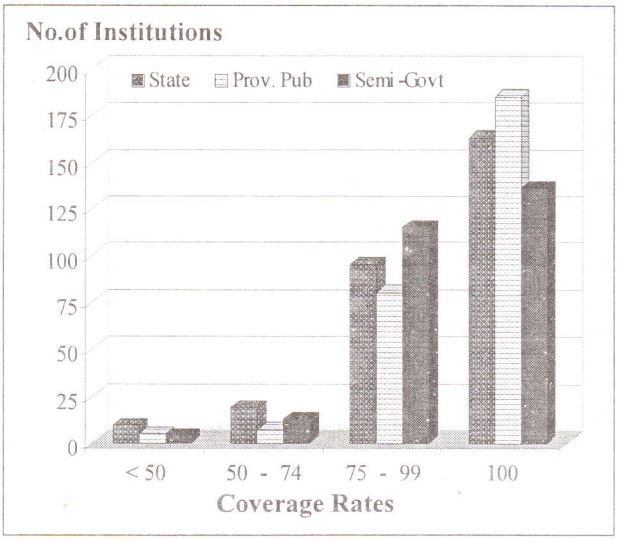

Table 2 shows more than 50 percent of the institutions had 100 percent coverage in each Sector. A very few, institutions had below fifty percent coverage in all Sectors. It is only less than 5 percent of the institutions.

Table 2: Distribution of Response Rate by Number of Institutions

Coverage Rate	Number of Institutions		
	State Sector	Prov.Pub Sector	Semi_Govt. Sector
<50	9	5	4
50 - 74	19	7	13
75 - 99	95	80	115
100	163	185	136
Total	**286**	**277**	**268**

Fig 2: Coverage Rate by Number of Institutions.

Reasons given for low responses by relevant institutions are summarized below

a) Transfer of employees.
b) Termination of temporary and casual employees.
c) Resignations / Retirements.
d) Secondment to other Institutions
e) Closing down of certain sections of institutions.
f) Non-response particularly among labourers appointed on short term contract basis.

Coverage Rates of ministries with more than 10,000 employees in State and Semi-Govt. Sector is shown in Table 3. Four ministries, namely Ministry of Finance, Ministry of Health Nutrition and Welfare, Ministry of Interior, Ministry of Highways, Ministry of Mass Communication, Ministry of Tertiary Education and Training have responded relatively poor with response rates below 90 percent in the Census. Lower response rates of these ministries were due to the difficulties of collecting the completed forms from the institutions under them due to the large number of field staff scattered all over the island.

In spite of having large number of schools, and regional branches located all over the island the Census has achieved a reasonably high coverage rate from the Ministry of Human Resources Development Education and Cultural Affairs (92 percent), Ministry of Power and Energy (95 percent) and Ministry of Transport (92 percent).The lowest response (77.4 percent) has recorded from the Ministry of Health, Nutrition & Welfare.

* Ministry of Tertiary Education and Training	18,385	16,312	88.7
* Ministry of Transport	62,624	57,573	91.9

* Non Cabinet Ministry

The coverage rates of Ministries with less than 10,000 employees in State and Semi-Government Sector shown in Table 4. Except a very few Ministries namely, Ministry of Central Region Development, Ministry of Policy Development & Implementation, Ministry of Transport Highways & Civil Aviation, Ministry of Irrigation, Ministry of Water Management had responded well for the Census.

The low coverage of Ministry of Transport Highways and Civil Aviation is due to the low response received from the Sri Lankan Air Lines Ltd. Similarly the low responses of Ministry of Central Region Development, Ministry of Policy Development & Implementation, Ministry of Irrigation and Ministry of Water Management were due to the low responses received from their Ministry offices. Percentages being 62.4, 42.0, 71.0 and 54.8 percent respectively.

Table 5: Distribution of Provincial Public Sector Employees by Provincial Council – 2002

Provincial Council	Estimated No. of Employees	Percentage	Enumerated No. of Employees	Coverage Rate 1998	2002
Total	308,240	100.0	292,071	92.4	94.8
Western	67,548	21.9	66,385	96.6	98.3
Central	39,762	12.9	39,060	94.4	98.2
Southern	41,628	13.5	38,470	90.5	92.4

North – East	48,643	15.8	42,773	81.1	87.9

Table 5 shows the distribution of Provincial Public Sector employees by Provincial Council to which they are attached. Among the provincial councils, the Western Provincial Council has the highest number of employees and its response rate was 98 percent. The highest response rate of 99.9 percent was reported from the North – Western provincial council. North – East provincial council has shown an improvement in reporting when compared with that of previous Census held in 1998 where the coverage rate was 87.9 percent. Similarly, six Provincial councils has responded better than previous Census in 1998 except Sabaragamuwa and North – Central. The lowest response rate of 85 percent was reported by North- Central - Provincial council at this Census.

Limitations.

The initial estimated number of employees reported by the individual institutions is not much reliable. Most of the institutions reported higher figures that the actual number for the estimated number of employees. When reporting the number employed on temporary and or casual basis, the figures were mostly over estimated. It should be noted that the estimated number of employees in institutions were collected few months prior to the Census date.

It is important to note that the information in this report are provided based on the institutions according to the structure that existed at the time of conducting the Census in 2002 (i.e. the names of the Ministries and other institutions appearing in the tabulations).

APPENDIX – I

Classification of Occupations

The classification of occupations used in the Census of Public and Semi Government Sector Employment since 1990 is based on the International Standard Classification of Occupation (ISCO) 1988 revision. In the previous censuses, conducted up to 1985 however, ISCO - 68 revision had been used to classify the occupations. In ISCO - 88 revision all occupations have been categorized into nine major groups.

Major Group 1 - Legislators, Senior Officials and Managers

This group of occupations covers the persons who are involved in planning, formulating and deciding on policies. Hence policy makers Administrators and Managers are categorized under this group. The core content of this group is identical with that of major group "Administrative and Managerial Workers" in ISCO - 68, but occupations with similar tasks classified under other ISCO - 68 major groups have also been added in this group.

Major Group 2 – Professionals

This major group includes the occupations whose main tasks require a high level of professional knowledge and experience in related fields. For example Doctors, Pharmacists, Nurses and Midwives are taken under the "Professional" category in the health Sector. According to ISCO - 88, Teachers at all levels are also classified under this major group. All occupations classified under this major group were classified under the major group "Professional, Technical and related workers" in ISCO - 68.

Major Group 3 – Technicians and Associate Professionals

This major group covers the occupations which require the experience and knowledge necessary to assume operational responsibility and to give technical support to the administrators and the professionals in the major groups 1 and 2. The core content of this major group consists of occupations which were classified under the major group Professional, Technical and related Workers" in ISCO 68. Occupations with skill requirement at a similar level which were classified under other ISCO - 68 major groups, such as major group - 3 "Clerical and related workers" and major group 4 - "Sales workers" are also classified under this major group. This is a new major group introduced in the ISCO - 88 revision.

Major Group 4 - Clerks

This major group covers occupations whose main tasks require the knowledge and experience necessary in recording, organizing, storing and retrieving, information, computing, numerical, financial and statistical data and also performing a number of client oriented clerical duties. The core content of this group consists of the occupations that were classified under the major group as clerical and related workers" in ISCO - 68.

Major Group 5 – Service Workers and Shop and Market Sales Workers

This major group covers occupations whose main tasks require the knowledge and experience necessary to provide protective services and personal services related to travel, house keeping, catering and personal care or to sell and demonstrate goods for wholesale or retail shops and similar establishments. The core content of this group consists of occupations that were classified under the major groups " Sales Workers" and "Service Workers" in ISCO - 68.

Major Group 6 – Skilled Agricultural and Fishery Workers

This major group covers occupations whose main tasks require the knowledge and experience necessary to grow and harvest crops, breed, feed or hunt animals, catch or breed fish or cultivate or gather other forms of aquatic life. The core content of this group consists of occupations that were classified under the major group, "Agricultural, Animal husbandry and Forestry Workers, Fishermen and Hunters" in ISCO - 68. However some occupations covered earlier under this major group (according to ISCO - 68 classification) are now classified under other major occupation groups based on the required skill level.

Major Group 7 – Craft and Related Workers

This major group covers occupations whose tasks require the knowledge and experience necessary to extract and treat raw materials, manufactures and repair goods and construct, maintain and repair roads, structures and machinery. The core content of this group consists of occupations that were classified under major groups 7/8/9 "Production and related workers, Transport Equipment Operators and Labourers," in ISCO – 68.

The Group 8 – Plant and Machine Operators and Assemblers

This major group covers occupations whose main tasks require the knowledge and experience necessary to operate vehicles and other mobile equipment, control and monitor the operations of industrial plant and machinery. The core content of this group consists of occupations that were classified under major group 7/8/9 "Production and related workers, Transport Equipment Operators, and Labourers," In ISCO – 68.

Major Group 9 – Elementary Occupations

This major group covers occupation with mostly simple and routine tasks, performed with physical effort and hand held simple tools with little initiative and judgment which needs simple knowledge and experience. The core content of this group consists of occupations that were classified under major groups 7/8/9 "Production and Related Workers, Transport Equipment Operators, and Labourers" in ISCO – 68 and occupations with skill requirement at a similar level classified under other ISCO – 68 major groups.
